Message from the President

Fellow Probians,

We are rather tired of rain, rain and more rain. Hopefully the rain will be gone soon and June will bring out the sun again. Our drive in the country to Kandanga was postponed due to the inclement weather and has been rescheduled to August.

Unfortunately I tested Positive to COVID and have been quite unwell. The virtual Caloundra Hospital doctors have been monitoring me on a daily basis to keep me out of hospital. I believe several Probians have also had Covid but are well again now.

My friend told me that if you don't get it, you haven't any friends. I guess that is a different way of looking at it!

After the May meeting it was pleasing to receive positive feedback on our new Amplifier. Members with hearing devices reported the sound was very clear with no interruption to their hearing. Well done Gordon and Mike for sourcing the amplifier.

Regards to you all. Stay safe.

Marilyn van Wegen (President)

"If you feel that the Sunshine Coast has been misnamed recently, you would be dead right. Rainfall records have been kept at Tewantin since 1895. As of 26 May this year, rainfall for the month stood at 638mm (25 inches)!

This beats the previous record May rainfall of 620mm established in 1938. But don't complain, at least you haven't had to water the garden!"

April Rainmakers Cania Gorge

Four intrepid Rainmakers enjoyed the beauty and bush-walks of this rugged area near Monto. Yes, it rained! While the challenges may not have suited all of us, it was thoroughly enjoyed by those who went.

The birdlife at the camping ground was prolific and the card games lots of fun. Thank you David and Trish.

Things are *not* always what they first appear to be!
