

## LEAVE OF ABSENCE FORM

A leave of absence may be granted to a member in cases of sickness or on any other reasonable grounds. Upon written application to the Management Committee, provided sufficient reasons are given, a leave of absence may be granted excusing a member from attending meetings for a specified period of time.

Members granted leave will retain their status as registered members of the Club.

A request to transfer to Non-Active Membership should be considered for members with long term illness.

**Note:**

As part of the Club's procedure, although the Management Committee generally approves such requests, all applicants will receive formal written notification regarding the outcome of their application.
